Part One: Resolutions and Decisions

I. Resolutions adopted by the Council at its sixth session

6/1. Protection of cultural rights and property in situations of armed conflict

The Human Rights Council,

Guided by the purposes, principles and provisions of the Charter of the United Nations,

Guided also by the principles relating to economic, social and cultural rights enshrined in the Universal Declaration of Human Rights and the International Covenant on Economic, Social and Cultural Rights,

Recalling that the Vienna Declaration and Programme of Action (A/CONF.157/23), the 2005 World Summit Outcome (General Assembly resolution 60/1 of 16 September 2005) and Assembly resolution 60/251 of 15 March 2006 that established the Human Rights Council all affirm that all human rights are universal, indivisible, interdependent and mutually reinforcing and must be treated in a fair and equal manner, on the same footing and with the same emphasis,

Recalling also that the General Assembly acknowledged in its resolution 60/251 that peace and security, development and human rights are the pillars of the United Nations system and the foundations for the collective security and well-being, and recognized that development, peace and security and human rights are interlinked and mutually reinforcing,

Acknowledging that human rights law and international humanitarian law are complementary and mutually reinforcing,

Gravely concerned about serious violations of international humanitarian law and human rights law during armed conflicts, in all parts of the world, and their detrimental impact on cultural rights and property,

Recalling the Convention for the Protection of Cultural Property in the Event of Armed Conflict and its Protocols, and stressing the importance of their implementation to protect cultural property,

Reaffirming that the destruction of or any other form of damage to cultural property may impair the enjoyment of cultural rights, in particular of article 15 of the International Covenant on Economic, Social and Cultural Rights,

1. Calls upon all States to respect human rights law and strongly urges all parties to an armed conflict to strictly observe and respect, as applicable, the rules of international humanitarian law during armed conflicts, and to respect the rules on the protection of cultural property;

2. Emphasizes that each party to an armed conflict is committed under international law to take all necessary steps to protect cultural property through safeguarding of and respect for such property, including cultural property situated in occupied territories;
3. **Strongly condemns** any destruction of cultural property in violation of international humanitarian law, as applicable, during armed conflicts;

4. **Emphasizes** that protection of cultural property during armed conflicts can contribute to the full enjoyment of the right of everyone to take part in cultural life;

5. **Urges** States and encourages intergovernmental and non-governmental organizations to take all necessary measures at the national, regional and international levels to address the issue of protection of cultural rights and property during armed conflicts, paying particular attention to the situation in occupied territories, and to provide appropriate assistance as requested by the concerned States;

6. **Requests** the Secretary-General to bring the present resolution to the attention of all Governments, the competent United Nations bodies, the specialized agencies, regional intergovernmental organizations and international humanitarian organizations;

7. **Decides** to remain seized of this issue and to consider further actions to implement the present resolution.

20th meeting
27 September 2007
[Adopted without a vote. See chap. III.]

6/2. **Mandate of the Special Rapporteur on the right to food**

*The Human Rights Council,*

**Reaffirming** all previous resolutions adopted by the General Assembly and the Commission on Human Rights on the issue of the right to food, including General Assembly resolution 61/163 of 19 December 2006 and Commission on Human Rights resolution 2005/18 of 14 April 2005,

**Bearing in mind** paragraph 6 of General Assembly resolution 60/251 of 15 March 2006,

**Recalling** the resolutions 5/1 “Institution-building of the United Nations Human Rights Council” and 5/2 “Code of Conduct for Special Procedures Mandate-holders of the Human Rights Council” of 18 June 2007 and stressing that the mandate-holder shall discharge his/her duties in accordance with these resolutions and their annexes,

**Recalling also** commitments taken by the international community to fully implement the Millennium Development Goals,

**Recognizing** that the problems of hunger and food insecurity have global dimensions and that they are likely to persist and even increase dramatically in some regions of the world unless urgent, determined and concerted action is taken,

1. **Welcomes** the valuable work and commitment of Mr. Jean Ziegler during his tenure as the first mandate-holder to achieving the realization of the right to food;
2. **Decides** to extend the mandate of the Special Rapporteur on the right to food for a period of three years:

   (a) To promote the full realization of the right to food and the adoption of measures at the national, regional and international levels for the realization of the right of everyone to adequate food and the fundamental right of everyone to be free from hunger so as to be able fully to develop and maintain their physical and mental capacities;

   (b) To examine ways and means of overcoming existing and emerging obstacles to the realization of the right to food;

   (c) To continue mainstreaming a gender perspective and taking into account an age dimension in the fulfilment of the mandate, considering that women and children are disproportionately affected by hunger, food insecurity and poverty;

   (d) To submit proposals that could help the realization of Millennium Development Goal No. 1 to halve by the year 2015 the proportion of people who suffer from hunger, as well as to realize the right to food, in particular, taking into account the role of international assistance and cooperation in reinforcing national actions to implement sustainable food security policies;

   (e) To present recommendations on possible steps with a view to achieving progressively the full realization of the right to food, including steps to promote the conditions for everyone to be free from hunger and as soon as possible enjoy fully the right to food, taking into account lessons learnt in the implementation of national plans to combat hunger;

   (f) To work in close cooperation with all States, intergovernmental and non-governmental organizations, the Committee on Economic, Social and Cultural Rights, as well as with other relevant actors representing the broadest possible range of interests and experiences, within their respective mandates, to take fully into account the need to promote the effective realization of the right to food for all, including in the ongoing negotiations in different fields;

   (g) To continue participating in and contributing to relevant international conferences and events with the aim of promoting the realization of the right to food;

3. **Calls upon** all Governments to cooperate with and assist the Special Rapporteur in his/her task, to supply all necessary information requested by him/her and to give serious consideration to responding favourably to the requests of the Special Rapporteur to visit their countries, to enable him/her to fulfil his/her mandate effectively;

4. **Requests** the United Nations High Commissioner for Human Rights to provide all necessary human and financial resources for the effective fulfilment of the mandate of the Special Rapporteur;

5. **Invites** the Special Rapporteur ending the fulfilment of his mandate to submit to the Council in 2008 a comprehensive final report on his findings, conclusions and recommendations, after more than six years as mandate-holder on the right to food;
6. Reaffirms that the Voluntary Guidelines to Support the Progressive Realization of the Right to Adequate Food in the Context of National Food Security, adopted by the General Council of the Food and Agriculture Organization of the United Nations in November 2004 represent a practical tool to promote the realization of the right to food for all, contribute to the achievement of food security and thus provide an additional instrument in the attainment of internationally agreed development goals, including those contained in the Millennium Declaration;

7. Requests the Special Rapporteur to submit a report on the implementation of the present resolution to the General Assembly at its sixty-third session and to the Council in 2008, in accordance with its annual programme of work;

8. Invites Governments, relevant United Nations agencies, funds and programmes, treaty bodies and civil society actors, including non-governmental organizations, as well as the private sector, to cooperate fully with the Special Rapporteur in the fulfilment of his/her mandate, inter alia through the submission of comments and suggestions on ways and means of realizing the right to food;

9. Decides to continue its consideration of this matter under the same agenda item.

[Adopted without a vote. See chap. III.]

6/3. Human rights and international solidarity

The Human Rights Council,

Recalling Commission on Human Rights resolution 2005/55 of 20 April 2005, and taking note of the report presented to the Council by the independent expert on human rights and international solidarity (A/HRC/4/8),

Recalling also the resolutions 5/1 “Institution-building of the United Nations Human Rights Council” and 5/2 “Code of Conduct for Special Procedures Mandate-holders of the Human Rights Council” of 18 June 2007 and stressing that the mandate-holder shall discharge his/her duties in accordance with these resolutions and their annexes,

Underlining that the processes of promoting and protecting human rights should be conducted in conformity with the purposes and principles of the Charter of the United Nations and international law,

Recalling the importance, in the view to the promotion and protection of international solidarity, of the declarations and programmes of action of international conferences such as the World Conference on Human Rights held in Vienna in 1993, the International Conference on Financing for Development held in Monterrey in 2002, the United Nations Conference on Environment and Development held in Rio in 1992, the World Summit on Sustainable Development held in Johannesburg in 2002, and the World Conference on Disaster Reduction held in Kobe in 2005,
Taking note with appreciation of the initiatives of the International Action against Hunger and Poverty, particularly in the field of innovative financial mechanisms,

Recalling that at the World Conference on Human Rights States pledged to cooperate with each other in ensuring development and eliminating obstacles to development, and stressed that the international community should promote effective international cooperation for the realization of the right to development and the elimination of obstacles to development,

Reaffirming that article 4 of the Declaration on the Right to Development states that sustained action is required to promote more rapid development of developing countries and, as a complement to the efforts of developing countries, effective international cooperation is essential in providing these countries with appropriate means and facilities to foster their comprehensive development,

Taking into account that article 2 of the International Covenant on Economic, Social and Cultural Rights states that each State party to the Covenant undertakes to take steps, individually and through international assistance and cooperation, especially economic and technical, to the maximum of its available resources, with a view to achieving progressively the full realization of the rights recognized in the Covenant by all appropriate means, including particularly the adoption of legislative measures,

Persuaded that sustainable development can be promoted by peaceful coexistence, friendly relations and cooperation among States with different social, economic or political systems,

Reaffirming that the widening gap between the economically developed and developing countries is unsustainable and that it impedes the realization of human rights in the international community, and makes it all the more imperative for every nation, according to its capacities, to make the maximum possible effort to close this gap,

Expressing concern at the fact that the immense benefits resulting from the process of globalization and economic interdependence have not reached all countries, communities and individuals, and at the increasing marginalization from their benefits of several countries, particularly the least developed and the African countries,

Expressing its deep concern at the number and scale of natural disasters, diseases and agricultural pests and their increasing impact in recent years, which have resulted in a massive loss of life and long-term negative social, economic and environmental consequences for vulnerable societies throughout the world, in particular in developing countries,

Reaffirming the crucial importance of increasing the resources allocated for official development assistance, and recalling the pledge of the industrialized countries to allocate 0.7 per cent of their gross national product for official development assistance, and recognizing the need for new and additional resources to finance the development programmes of developing countries,
Determined to take new steps forward in the commitment of the international community with a view to achieving substantial progress in human rights endeavours by an increased and sustained effort of international cooperation and solidarity,

Asserting the necessity for establishing new, equitable and global links of partnership and intra-generational solidarity, and for promoting intergenerational solidarity for the perpetuation of humankind,

Recognizing that the attention paid to the importance of international solidarity as a vital component of the efforts of developing countries towards the realization of the right to development of their peoples and the promotion of the full enjoyment of economic, social and cultural rights by everyone has been insufficient,

Resolved to strive to ensure that the present generations are fully aware of their responsibilities towards future generations, and that a better world is possible for the present and future generations,

1. **Reaffirms** the recognition set forth in the declaration adopted by the Heads of State and Government at the Millennium Summit of the United Nations of the fundamental value of solidarity to international relations in the twenty-first century, in stating that global challenges must be managed in a way that distributes costs and burdens fairly, in accordance with basic principles of equity and social justice, and that those who suffer, or who benefit least, deserve help from those who benefit most;

2. **Expresses its determination** to contribute towards the solution of current world problems through increased international cooperation, to create such conditions as will ensure that the needs and interests of future generations are not jeopardized by the burden of the past, and to hand on a better world to future generations;

3. **Urges** the international community to consider urgently concrete measures to promote and consolidate international assistance to developing countries in their endeavours for development and for the promotion of conditions that make possible the full realization of all human rights;

4. **Recognizes** that the so-called “third-generation rights” closely interrelated to the fundamental value of solidarity need further progressive development within the United Nations human rights machinery in order to be able to respond to the increasing challenges of international cooperation in this field;

5. **Requests** all States, United Nations agencies, other relevant international organizations and non-governmental organizations to mainstream the right of peoples and individuals to international solidarity in their activities;

6. **Decides**, taking into account the urgent need to further develop guidelines, standards, norms and principles with a view to promoting and protecting the right of peoples and individuals to international solidarity, to request the independent expert on human rights and international solidarity to continue discharging his mandate, subject to the review of this mandate that will be accomplished by the Council in the near future;
7. Requests the independent expert to continue his work in the preparation of a draft declaration on the right of peoples and individuals to international solidarity and to submit a report on the implementation of the present resolution at its ninth session (to be held in September 2008), unless otherwise decided by the Council;

8. Also requests the independent expert to take into account the outcomes of all major United Nations and other global summits and ministerial meetings in the economic and social fields and to seek views and contributions from Governments, United Nations agencies, other relevant international organizations and non-governmental organizations in the discharge of his/her mandate;

9. Decides to continue its examination of this issue at its ninth session under the same agenda item.

Recalling the resolutions 5/1 “Institution-building of the United Nations Human Rights Council” and 5/2 “Code of Conduct for Special Procedures Mandate-holders of the Human Rights Council” of 18 June 2007 and stressing that the mandate-holder shall discharge his/her duties in accordance with these resolutions and their annexes,

2. \textit{Encourages} the Working Group, in fulfilling its mandate:

6/6. Promotion of the enjoyment of the cultural rights of everyone and respect for cultural diversity

The Human Rights Council,

Recalling the Charter of the United Nations, the Universal Declaration of Human Rights and the International Covenant on Economic, Social and Cultural Rights, as well as other pertinent human rights instruments,

Noting that numerous declarations within the United Nations system promote respect for cultural diversity, as well as for international cultural cooperation, in particular the Declaration of the Principles of International Cultural Cooperation and the United Nations Educational, Scientific and Cultural Organization Universal Declaration on Cultural Diversity, adopted by its General Conference in 1966 and 2001 respectively,

Recalling its resolutions 5/1 and 5/2 of 18 June 2007,
Taking note of the Tehran Declaration and Programme of Action on Human Rights and Cultural Diversity adopted at the Ministerial Meeting of the Non-Aligned Movement on Human Rights and Cultural Diversity, held in Tehran, Islamic Republic of Iran, on 3 and 4 September 2007,

Stressing the importance of the promotion of the cultural rights of everyone and of respect for cultural diversity,

Convinced that international cooperation in promoting and encouraging respect for human rights and fundamental freedoms for all should be based on an understanding of the economic, social and cultural specificities of each country and on the full realization and recognition of the universality of all human rights and the principles of freedom, justice, equality and non-discrimination,

1. Reaffirms that cultural rights are an integral part of human rights, which are universal, indivisible, interrelated and interdependent;

2. Takes note of the report of the United Nations High Commissioner for Human Rights on the promotion of the enjoyment of the cultural rights of everyone and respect for different cultural identities (E/CN.4/2006/40);

4. Reaffirms that the establishment of a thematic procedure in the field of cultural rights should not develop a new monitoring mechanism, and that the appointment of an independent expert in the field of cultural rights could assist the implementation of the present resolution, taking into account the work already done in this field by other bodies, organs and organizations of the United Nations system;

5. Acknowledges that the process of review, rationalization and improvement of mandates represents momentum towards the establishment of an independent expert in the field of cultural rights, and to this end requests the United Nations High Commissioner for Human Rights to consult States, intergovernmental and non-governmental organizations on the content and scope of the mandate of the independent expert in the field of cultural rights, the basis of which would be the comprehensive implementation of the present resolution, and to report on the results of those consultations to the Council in accordance with its annual programme of work;
6. **Underlines** that it is important to avoid overlapping with the activities of the United Nations Educational, Scientific and Cultural Organization and other bodies and organizations of the United Nations system when establishing the mandate of the independent expert and to bear in mind the significance of encouraging synergy between all actors dealing with cultural rights and the issue of cultural diversity;

7. **Decides** to continue its consideration of this matter in accordance with the annual programme of work under the same agenda item.

**6/7. Human rights and unilateral coercive measures**

The Human Rights Council,

Recalling the purposes and the principles of the Charter of the United Nations,

Recalling also its decision 4/103 of 30 March 2007 and taking note of General Assembly resolution 61/170 of 19 December 2006, as well as of the report of the Secretary-General on this issue (A/HRC/6/2),

Stressing that unilateral coercive measures and legislation are contrary to international law, international humanitarian law, the Charter of the United Nations and the norms and principles governing peaceful relations among States,

Recognizing the universal, indivisible, interdependent and interrelated character of all human rights and, in this regard, reaffirming the right to development as a universal and inalienable right and an integral part of all human rights,

Expressing its concern about the negative impact of unilateral coercive measures in the field of human rights, development, international relations, trade, investment and cooperation,

Recalling the Final Document of the Fourteenth Conference of Heads of State or Government of the Non-Aligned Movement, held in September 2006 in Havana, in which they agreed to oppose and condemn these measures or laws and their continued application, persevere with efforts to effectively reverse them and urge other States to do likewise as called for by the General Assembly and other United Nations organs, and to request States applying these measures or laws to revoke them fully and immediately,

Recalling also that the World Conference on Human Rights, held in Vienna from 14 to 25 June 1993, called upon States to refrain from any unilateral measure not in accordance with international law and the Charter of the United Nations that creates obstacles to trade relations among States and impedes the full realization of all human rights, and also severely threatens the freedom of trade,
Deeply concerned that, despite the resolutions adopted on this issue by the General Assembly, the former Commission on Human Rights and United Nations conferences held in the 1990s and their five-year reviews, and contrary to norms of international law and the Charter of the United Nations, unilateral coercive measures continue to be promulgated, implemented and enforced, inter alia through resorting to war and militarism, with all their negative implications for the social-humanitarian activities and economic and social development of developing countries, including their extraterritorial effects, thereby creating additional obstacles to the full enjoyment of all human rights by peoples and individuals under the jurisdiction of other States,

Reaffirming that unilateral coercive measures are a major obstacle to the implementation of the Declaration on the Right to Development,

Recalling article 1, paragraph 2, common to the International Covenant on Civil and Political Rights and the International Covenant on Economic, Social and Cultural Rights which provides, inter alia, that in no case may a people be deprived of its own means of subsistence,

1. Urges all States to stop adopting or implementing unilateral coercive measures not in accordance with international law, international humanitarian law, the Charter of the United Nations and the norms and principles governing peaceful relations among States, in particular those of a coercive nature with extraterritorial effects, which create obstacles to trade relations among States, thus impeding the full realization of the rights set forth in the Universal Declaration of Human Rights and other international human rights instruments, in particular the right of individuals and peoples to development;

2. Strongly objects to the extraterritorial nature of those measures which, in addition, threaten the sovereignty of States and, in this context, calls upon all Member States neither to recognize these measures nor apply them, as well as to take effective administrative or legislative measures, as appropriate, to counteract the extraterritorial application or effects of unilateral coercive measures;

3. Condemns the continued unilateral application and enforcement by certain Powers of such measures as tools of political or economic pressure against any country, particularly against developing countries, with a view to preventing these countries from exercising their right to decide, of their own free will, their own political, economic and social systems;

4. Reiterates its call upon Member States that have initiated such measures to abide by the principles of international law, the Charter of the United Nations, the declarations of the United Nations and world conferences and relevant resolutions and to commit themselves to their obligations and responsibilities arising from the international human rights instruments to which they are parties by putting an immediate end to such measures;

5. Reaffirms, in this context, the right of all peoples to self-determination, by virtue of which they freely determine their political status and freely pursue their economic, social and cultural development;
6. **Recalls** that, according to the Declaration on Principles of International Law concerning Friendly Relations and Cooperation among States in accordance with the Charter of the United Nations, contained in the annex to General Assembly resolution 2625 (XXV) of 24 October 1970, and according to the relevant principles and provisions contained in the Charter of Economic Rights and Duties of States proclaimed by the Assembly in its resolution 3281 (XXIX) of 12 December 1974, in particular article 32, no State may use or encourage the use of economic, political or any other type of measures to coerce another State in order to obtain from it the subordination of the exercise of its sovereign rights and to secure from it advantages of any kind;

7. **Reaffirms** that essential goods such as food and medicines should not be used as tools for political coercion and that under no circumstances should people be deprived of their own means of subsistence and development;

8. **Underlines** that unilateral coercive measures are one of the major obstacles to the implementation of the Declaration on the Right to Development and, in this regard, calls upon all States to avoid the unilateral imposition of economic coercive measures and the extraterritorial application of domestic laws which run counter to the principles of free trade and hamper the development of developing countries, as recognized by the Intergovernmental Group of Experts on the Right to Development in its report on its second session (E/CN.4/1998/29);

9. **Rejects** all attempts to introduce unilateral coercive measures, as well as the increasing trend in this direction, including through the enactment of laws with extraterritorial application which are not in conformity with international law;

10. **Recognizes** that the Declaration of Principles adopted at the first phase of the World Summit on the Information Society, held in Geneva in December 2003, strongly urged States to avoid and refrain from any unilateral measure in building the Information Society;

11. **Invites** all special rapporteurs and existing thematic mechanisms of the Council in the field of economic, social and cultural rights to pay due attention, within the scope of their respective mandates, to the negative impact and consequences of unilateral coercive measures;

12. **Decides** to give due consideration to the negative impact of unilateral coercive measures in its task concerning the implementation of the right to development;

13. **Requests**:

   (a) The United Nations High Commissioner for Human Rights, in discharging her functions in relation to the promotion and protection of human rights, to pay due attention and give urgent consideration to the present resolution;

   (b) The Secretary-General to bring the present resolution to the attention of all Member States and to seek their views and information on the implications and negative effects of unilateral coercive measures on their populations, and to submit a report thereon to the Council as appropriate, in accordance with its annual programme of work;
14. *Decides* to examine this question, on a priority basis, as appropriate, in accordance with its annual programme of work under the same agenda item.

6/14. Special Rapporteur on contemporary forms of slavery

The Human Rights Council,

Reaffirming the Universal Declaration of Human Rights, which states that no one shall be held in slavery or servitude and that slavery and the slave trade shall be prohibited in all their forms,

Recognizing the Slavery Convention of 1926, the Supplementary Convention on the Abolition of Slavery, the Slave Trade and Institutions and Practices Similar to Slavery of 1956 and International Labour Organization Convention No. 29 on Forced Labour of 1930, as well as other relevant international instruments which prohibit all forms of slavery and call on Governments to eradicate such practices,

Recalling that the Durban Declaration and Programme of Action strongly condemned the fact that slavery and slavery-like practices still exist today in parts of the world and urged States to take immediate measures as a matter of priority to end such practices, which constitute flagrant violations of human rights,

Acknowledging that contemporary forms of slavery is a global issue which affects all continents and most countries of the world,

Deeply concerned that the minimum estimate of the number of people in slavery is over 12 million and that the problem appears to be increasing,

Recognizing that broad international cooperation among States, as well as between States and relevant intergovernmental and non-governmental organizations is essential for effectively countering contemporary forms of slavery,

Taking note with great appreciation of the work, reports and recommendations of the Working Group on Contemporary Forms of Slavery of the former Sub-Commission on the Promotion and Protection of Human Rights, since its establishment in 1975,

Considering the proposals to replace the Working Group on Contemporary Forms of Slavery with a Special Rapporteur as a mechanism for better addressing the issue of contemporary forms of slavery within the United Nations system which were made in May 1998 in a review of the implementation of the conventions on slavery for the twenty-fourth session of the Working Group on Contemporary Forms of Slavery; in the Office of the United Nations High Commissioner for Human Rights’ report “Abolishing slavery and its contemporary forms, 2002” (HR/PUB/02/4); and in the recommendations of the Working Group on Contemporary Forms of Slavery itself at its thirty-first session in 2006,

Recalling Human Rights Council decision 5/1 “Institution-building of the United Nations Human Rights Council” of 18 June 2007 and its annex, which stated that the Council would decide at its sixth session on the most appropriate mechanisms to continue the work of the Working Groups on Indigenous Populations, on Contemporary Forms of Slavery, Minorities, as well as Human Rights Council resolution 5/2 “Code of Conduct for Special Procedures Mandate-holders of the Human Rights Council” of 18 June 2007 and stressing that the mandate-holder shall discharge his/her duties in accordance with these resolutions and their annexes,
Bearing in mind that 2007 marks the two hundredth anniversary of the beginning of the abolition of the transatlantic slave trade,

Convinced that the mandates of existing Special Rapporteurs do not adequately cover all slavery practices, and that the issue of contemporary forms of slavery needs to be given greater prominence and priority within the United Nations system if these practices are to be eradicated once and for all,

1. Decides to appoint, for a three-year period, a Special Rapporteur on contemporary forms of slavery, including its causes and its consequences, to replace the Working Group on Contemporary Forms of Slavery;

2. Decides that the Special Rapporteur shall examine and report on all contemporary forms of slavery and slavery-like practices, but in particular those defined in the Slavery Convention of 1926, and the Supplementary Convention on the Abolition of Slavery, the Slave Trade and Institutions and Practices Similar to Slavery of 1956, as well as all other issues covered by the Working Group on Contemporary Forms of Slavery including forced prostitution and its human rights dimensions; in the discharge of his/her mandate, the Special Rapporteur will:

(a) Focus principally on aspects of contemporary forms of slavery which are not covered by existing mandates of the Human Rights Council;

(b) Promote the effective application of relevant international norms and standards on slavery;

The Human Rights Council,

Bearing in mind that the universal periodic review is a cooperative mechanism with the full involvement of the country concerned and with consideration given to its capacity-building needs in accordance with General Assembly resolution 60/251 of 15 March 2006,

Underlining the fact that the institution-building text adopted on 18 June 2007 states that a universal periodic review Voluntary Trust Fund should be established to facilitate the participation of developing countries, particularly least developed countries, in the universal periodic review,

Recalling that the institution-building text also requests the Council to decide on the question whether to resort to existing financing mechanisms or to create a new mechanism,

The Human Rights Council,

Recalling its resolutions S-1/1 of 6 July 2006 and S-3/1 of 15 November 2006,
Noting with regret that Israel, the occupying Power, has not implemented to date these two resolutions and hindered the dispatching of the urgent fact-finding missions specified therein,

1. Calls for the implementation of its resolutions S-1/1 and S-3/1, including the dispatching of the urgent fact-finding missions;

2. Aware of the responsibility of the international community to promote human rights and ensure respect for international law,

Emphasizing the particularity of Occupied East Jerusalem in its rich religious and cultural heritage,

Recalling relevant Security Council resolutions on Occupied East Jerusalem,

Affirming the applicability of the Fourth Geneva Convention relative to the Protection of Civilian Persons in Time of War, of 12 August 1949, to the Occupied Palestinian Territory, including East Jerusalem,

Deeply concerned at the Israeli actions undermining the sanctity and inviolability of religious sites in the Occupied Palestinian Territory, including East Jerusalem,
Deeply concerned also at the Israeli policy of closures and the severe restrictions, including curfews and the permit regime, that continue to be imposed on the movement of Palestinians and their free access to their holy sites, including Al Aqsa Mosque,

1. Stresses that all policies and measures taken by Israel, the occupying Power, to limit access of Palestinians to their holy sites, particularly in Occupied East Jerusalem, on the basis of national origin, religion, birth, sex or any other status are in violation of the provisions of the above-mentioned instruments and resolutions and therefore must cease immediately;

2. Calls upon Israel, the occupying Power, to respect the religious and cultural rights enumerated in the Universal Declaration of Human Rights in the Occupied Palestinian Territory, including East Jerusalem, and to allow Palestinian worshippers unfettered access to their religious sites;

Recalling General Assembly resolution 32/127 of 16 December 1977 and the subsequent resolutions of the General Assembly concerning regional arrangements for the promotion and protection of human rights, the latest being 61/167 of 19 December 2006,

Recalling also Commission on Human Rights resolution 1993/51 of 9 March 1993 and its subsequent resolutions in this regard,
Bearing in mind paragraph 5 (h) of General Assembly resolution 60/251 in which it was decided that the Council shall work in close cooperation with regional organizations,

Bearing in mind also the Vienna Declaration and Programme of Action adopted by the World Conference on Human Rights on 25 June 1993, which reiterates, inter alia, the need to consider the possibility of establishing regional and subregional arrangements for the promotion and protection of human rights where they do not already exist,

Reaffirming that regional arrangements play an important role in promoting and protecting human rights and should reinforce universal human rights standards, as contained in international human rights instruments,

1. Welcomes progress made by Governments in the establishment of regional and subregional arrangements for the promotion and protection of human rights as well as their achievements in all regions of the world;

2. Requests the United Nations High Commissioner for Human Rights to convene in 2008 a workshop for an exchange of views on good practices, added value and challenges for such regional arrangements, with the participation of representatives of the relevant regional and subregional arrangements from different regions, experts as well as all interested United Nations Member States, observers, national human rights institutions and representatives of non-governmental organizations, based on arrangements, including Economic and Social Council resolution 1996/31 of 25 July 1996 and practices observed by the Commission on Human Rights;

The Human Rights Council,

Recalling also the International Convention on the Elimination of All Forms of Racial Discrimination, proclaimed by the General Assembly in resolution 2106 A (XX) of 4 January 1969,
Recalling further the International Covenant on Civil and Political Rights, proclaimed by the General Assembly in its resolution 2200 A (XXI) of 16 December 1966, in particular article 20, paragraph 2, of the Covenant, which stipulates that any advocacy of national, racial or religious hatred that constitutes incitement to discrimination, hostility or violence, shall be prohibited by law,

Underlining the importance of the Declaration on the Elimination of All Forms of Intolerance and Discrimination Based on Religion or Belief, proclaimed by the General Assembly in its resolution 36/55 of 25 November 1981,

Emphasizing that general recommendation No. 15 (1993) of the Committee on the Elimination of Racial Discrimination on article 4 of the International Convention stipulates that the prohibition of the dissemination of all ideas based upon racial superiority or hatred is compatible with the freedom of opinion and expression,

Underlining that the Durban Declaration and Programme of Action urged States that had not yet done so to accede to the International Convention on the Elimination of All Forms of Racial Discrimination, as a matter of urgency, with a view to achieving its universal ratification by 2005, to consider making the declaration envisaged under article 14 thereof, and to withdraw reservations contrary to the object and purpose of the Convention, all of which have regrettably not been accomplished to date,

Deeply alarmed at the sharp increase in xenophobic tendencies and intolerance towards various racial and religious groups and cultures, where people belonging to minorities, migrants, refugees, asylum-seekers and illegal migrants are the worst affected victims of such tendencies and acts,

Emphasizing the imperative need to find the necessary political will to address comprehensively, by all available measures, the various forms and manifestations of racism, racial discrimination, xenophobia and related intolerance, and to provide adequate remedies to the victims,

Recalling its decision 3/103 of 8 December 2006, by which, heeding the decision and instruction of the 2001 World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance, it decided to establish the Ad Hoc Committee of the Human Rights Council on the Elaboration of Complementary Standards, with the mandate to elaborate, as a matter of priority and necessity, complementary standards in the form of either a convention or additional protocol(s) to the International Convention on the Elimination of All Forms of Racial Discrimination, filling the existing gaps in the Convention, and also providing new normative standards aimed at combating all forms of contemporary racism, including incitement to racial and religious hatred,

Regretting that the mandate of the Five Experts on Complementary Standards was not accomplished in accordance with the requirements set out in its decision 3/103,
Decides:

(a) To convene the inaugural session of the Ad Hoc Committee in the first quarter of 2008 to commence its mandate;

(b) To allocate no more than two days at the beginning of the inaugural session of the Ad Hoc Committee, to reflect on all contributions and studies presented by various stakeholders and the relevant mechanisms which are necessary for the realization of its mandate.

6/22. From rhetoric to reality: a global call for concrete action against racism, racial discrimination, xenophobia and related intolerance

The Human Rights Council,

Recalling its decision 3/103 of 8 December 2006,

Recalling also its resolution 3/2 of 8 December 2006,

Welcoming General Assembly resolution 61/149 of 19 December 2006 in which the Assembly decided to convene the Durban Review Conference in 2009,

Deploring the surge and sharp increases in xenophobic and racial tendencies in certain regions of the world, particularly towards those categories of victims already identified in the Durban Declaration and Programme of Action such as migrants, refugees, asylum-seekers, people of African descent, people of Asian descent and national and ethnic minorities,
Regretting the lack of political will to take decisive steps to combat racism in all its forms and manifestations and to concretely move away from denials about the persistence of racism, racial discrimination, xenophobia and related intolerance,

Underlining, in the above context, the imperative need to end posturing about racism and calling on all States to resolutely end impunity for acts of racism, racial discrimination, xenophobia and related intolerance, and to face the everyday realities and challenges of these scourges,

Absolutely convinced that the failure by States to translate the Durban commitments into concrete action and tangible results is attributable to a lack of political will, in particular with respect to honouring the memory of the victims of historical injustices and past tragedies caused by slavery, the slave trade, the transatlantic slave trade, apartheid, colonialism and genocide, and also underlining that Africans and people of African descent, Asians and people of Asian descent and indigenous peoples were victims of these injustices and tragedies and continue to be victims of their consequences,

Underlining in the above context, the importance of closing these dark chapters in history through reconciliation and healing, and calling on all concerned States to assume their moral obligation to halt and reverse the lasting and cascading consequences of these practices prior to the convening of the 2009 Durban Review Conference,

Noting the efforts of the Intergovernmental Working Group on the Effective Implementation of the Durban Declaration and Programme of Action since its inception in 2002, by upholding and promoting the spirit of Durban, and registering some progress in spite of the obvious challenges,

1. Decides to realign the work and name of the Anti-Discrimination Unit in the Office of the United Nations High Commissioner for Human Rights consistent with its mandate and that henceforth, this Unit shall be known as “The Anti-Racial Discrimination Unit”, and that its operational activities shall focus exclusively on racism, racial discrimination, xenophobia and related intolerance, as defined in paragraphs 1 and 2 of the Durban Declaration;

2. Encourages closer collaboration between the Intergovernmental Working Group and the Independent Eminent Experts on ways and means of achieving enhanced political will and commitment to combating all the contemporary manifestations of racism, racial discrimination, xenophobia and related intolerance;

3. Emphasizes the importance of demonstrating goodwill to humanity and the primacy of reconciliation, by taking concrete steps towards the implementation of key issues of concern to the victims of racism, racial discrimination, xenophobia and related intolerance, which relate to the restoration of their dignity and equality as envisaged in paragraphs 98 to 106 of the Durban Declaration;
4. **Regrets** that the commitments made in paragraphs 157 and 158 of the Durban Programme of Action remain unfulfilled;

5. **Decides** to remain seized of this important issue.

28 September 2007

The Human Rights Council,

Welcoming General Assembly resolution 61/149 of 19 December 2006, by which the Assembly convened the Durban Review Conference in 2009,

Welcoming the convening of the first session (organizational session) of the Preparatory Committee for the Durban Review Conference held in Geneva from 27 to 31 August 2007 and, in this regard, looking forward to the two substantive sessions of the Preparatory Committee tentatively scheduled to be held in Geneva from 21 April to 2 May 2008 and 6 to 17 October 2008, respectively,

Noting with deep regret, in the above context, the non-participation of all relevant non-governmental organizations, including the victims of racism, racial discrimination, xenophobia and related intolerance, and also regretting the fact that not all these entities were able to contribute to the Preparatory Committee’s dialogue on the “Objectives of the Review Conference”,

Noting that an effective preparatory process for the Durban Review Conference requires the full participation of all relevant non-governmental organizations, including the victims of racism, racial discrimination, xenophobia and related intolerance, in order for these entities to contribute to the Preparatory Committee’s dialogue on the objectives of the Conference,

Noting all the decisions taken by the Preparatory Committee with regard to the facilitation of all the preparatory processes to the 2009 Durban Review Conference,

1. Requests the Chairperson of the Preparatory Committee for the Durban Review Conference to present her report to the General Assembly during its sixty-second session, covering the activities of the Preparatory Committee and progress made in preparation for the 2009 Durban Review Conference;

2. Looks forward to the General Assembly, in its capacity as the highest political entity of the United Nations system, providing political guidance and taking further decisions, as and when necessary, to ensure a smooth and successful Conference with a relevant substantive outcome complementary to the Durban Declaration and Programme of Action;

6/25. Regional cooperation for the promotion and protection of human rights in the Asia-Pacific Region

The Human Rights Council,

Recalling resolution 1993/51 of 9 March 1993 of the Commission on Human Rights and its subsequent resolutions concerning regional arrangements for the promotion and protection of human rights,

Recalling also its decision 3/102 of 5 December 2006,

Reaffirming that regional arrangements can play an important role in promoting and protecting human rights and should reinforce universal human rights standards, as contained in the international human rights instruments,

6/26. Elaboration of human rights voluntary goals to be launched on the occasion of the celebration of the sixtieth anniversary of the Universal Declaration of Human Rights

The Human Rights Council,

Guided by the purposes, principles and provisions of the Charter of the United Nations,

Reaffirming the Universal Declaration of Human Rights,

Recognizing the importance of the core international human rights instruments,

Recognizing also the relevance of optional protocols of the core international human rights instruments,

Bearing in mind that 2008 marks the sixtieth anniversary of the Universal Declaration of Human Rights,

Taking note with appreciation of the initiative of member and associate States of the Common Market of the South (MERCOSUR), to present a proposal to elaborate a set of human rights goals to be pursued, inspired by the Millennium Development Goals, to promote the implementation of the Universal Declaration of Human Rights, and also taking note with great appreciation of the process towards broadening cross-regional support for that initiative,

Taking into account that the above-mentioned initiative could bring more visibility and public awareness to the United Nations human rights system with a view to the promotion and protection of all human rights,

Recalling that all human rights are universal, indivisible, interdependent and mutually reinforcing,

1. Decides to initiate an open-ended intergovernmental process in order to elaborate, on a consensual basis, a set of human rights voluntary goals, to promote the realization and implementation of the Universal Declaration of Human Rights in accordance with States’ international human rights obligations and commitments to be launched on 10 December 2008 during the celebration of the sixtieth anniversary of the Universal Declaration of Human Rights;

6/37. Elimination of all forms of intolerance and of discrimination based on religion or belief

The Human Rights Council,

Recalling General Assembly resolution 36/55 of 25 November 1981, in which the Assembly proclaimed the Declaration on the Elimination of All Forms of Intolerance and of Discrimination Based on Religion or Belief, and all resolutions on the elimination of all forms of intolerance and of discrimination based on religion or belief adopted by the General Assembly and by the former Commission on Human Rights,

Recalling also article 18 of the International Covenant on Civil and Political Rights, article 18 of the Universal Declaration of Human Rights and other relevant human rights provisions,

Reaffirming the recognition by the 1993 Vienna World Conference on Human Rights that all human rights are universal, indivisible, interdependent and interrelated, and its appeal to all Governments to take all appropriate measures in compliance with their international obligations and with due regard to their respective legal systems to counter intolerance and related violence based on religion or belief, including practices of discrimination against women and the desecration of religious sites, recognizing that every individual has the right to freedom of thought, conscience, expression and religion,

Recalling the 2005 World Summit Outcome in which the Heads of State and Government reaffirmed the Declaration and Programme of Action on a Culture of Peace as well as the Global Agenda for Dialogue Among Civilizations and its Programme of Action adopted by the General Assembly and the value of different initiatives on dialogue among cultures and civilizations, including the dialogue on interfaith cooperation and the Alliance of Civilizations, and committed themselves to taking action to promote a culture of peace and dialogue at the local, national, regional and international levels,

Recognizing the importance of promoting dialogue in order to enhance mutual understanding and knowledge among different social groups, cultures and civilizations in various areas, including culture, religion, education, information, science and technology, and in order to contribute to the promotion and protection of human rights and fundamental freedoms,

Underlining the importance of education in the promotion of tolerance, which involves the acceptance by the public of, and its respect for, diversity, including with regard to religious expressions, and underlining also the fact that education should contribute in a meaningful way to promoting tolerance and the elimination of discrimination based on religion or belief,
Recognizing the important work carried out by the Human Rights Committee with respect to the scope of the freedom of religion or belief,

Seriously concerned at all attacks upon religious places, sites and shrines in violation of international law, in particular human rights and humanitarian law, including any deliberate destruction of relics and monuments,

Seriously concerned also at the misuse of registration procedures and at the resort to discriminatory registration procedures as a means to limit the right to freedom of religion or belief of members of certain religious communities, at the limitations placed on religious publications and at the obstacles placed in the way of construction of places of worship inconsistent with the exercise of the right to freedom of religion or belief,

Convinced of the need to address the rise in all parts of the world of religious extremism affecting the rights of individuals and groups based on religion or belief, the situations of violence and discrimination that affect many women as well as individuals from other vulnerable groups in the name of religion or belief or due to cultural and traditional practices, and the abuse of religion or belief for ends inconsistent with the Charter of the United Nations and other relevant instruments of the United Nations,

Noting that a formal or legal distinction at the national level between different kinds of religions or faith-based communities may, in some cases, constitute discrimination and may impinge on the enjoyment of the freedom of religion or belief,

Emphasizing that States, regional organizations, non-governmental organizations, religious bodies and the media have an important role to play in promoting tolerance, respect and freedom of religion or belief,

Recognizing the importance of interreligious and intra-religious dialogue and the role of religious and other non-governmental organizations in promoting tolerance in matters relating to religion or belief, and welcoming different initiatives in this regard, including the Alliance of Civilizations, the programmes led by the United Nations Educational, Scientific and Cultural Organization and the High-level Dialogue on Interreligious and Intercultural Understanding and Cooperation for Peace, held at Headquarters on 4 and 5 October 2007,

Seriously concerned at the slow progress in the implementation of the Declaration on the Elimination of All Forms of Intolerance and of Discrimination Based on Religion or Belief,

Believing that further intensified efforts are therefore required to promote and protect the right to freedom of thought, conscience, religion or belief and to eliminate all forms of hatred, intolerance and discrimination based on religion or belief, as also noted at the World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance,

Having conducted an assessment of the mandate of the Special Rapporteur on freedom of religion or belief in the form of an interactive dialogue during its present session, in accordance with its resolution 5/1 of 18 June 2007,
Recalling its resolutions 5/1 on institution-building of the United Nations Human Rights Council and 5/2 on the Code of Conduct for Special Procedures Mandate-holders of the Human Rights Council of 18 June 2007 and stressing that the mandate-holder shall discharge his/her duties in accordance with those resolutions and their annexes,

1. **Condemns** all forms of intolerance and of discrimination based on religion or belief as well as violations of the freedom of thought, conscience, religion or belief;

2. **Recognizes with deep concern** the overall rise in instances of intolerance and violence directed against members of many religious and other communities in various parts of the world, including cases motivated by Islamophobia, anti-Semitism and Christianophobia;

3. **Expresses concern** over the persistence of institutionalized or social intolerance and discrimination practiced against many in the name of or due to their religion or belief;

4. **Recalls** that legal procedures pertaining to religious or belief-based groups and places of worship are not a prerequisite for the exercise of the right to manifest one’s religion or belief;

5. **Emphasizes** that such procedures as described in paragraph 4 above, at the national or local levels, as and when legally required, should be non-discriminatory in order to contribute to the effective protection of the right of all persons to practise their religion or belief either individually or in community with others and in public or private;

6. **Condemns** any advocacy of religious hatred that constitutes incitement to discrimination, hostility or violence, whether it involves the use of print, audio-visual and electronic media or any other means;

7. **Encourages** the United Nations High Commissioner for Human Rights to continue to make efforts to coordinate in the field of human rights the activities of relevant United Nations organs, bodies and mechanisms dealing with all forms of intolerance and discrimination based on religion or belief;

8. **Emphasizes** that promoting tolerance and acceptance by the public of and its respect for diversity and combating all forms of intolerance and of discrimination based on religion and belief are substantial elements in creating an environment conducive to the full enjoyment by all of the right to freedom of thought, conscience and religion, as enshrined in article 18 of the International Covenant on Civil and Political Rights;

9. **Urges** States:

   (a) To ensure that their constitutional and legislative systems provide adequate and effective guarantees of freedom of thought, conscience, religion and belief to all without distinction, inter alia, by the provision of effective remedies in cases where the right to freedom of thought, conscience, religion or belief, or the right to practice freely one’s religion, including the right to change one’s religion or belief, is violated;

   (b) To design and implement policies whereby education systems promote principles of tolerance and respect for others and cultural diversity and the freedom of religion or belief;
(c) To ensure that appropriate measures are taken in order to adequately and effectively guarantee the freedom of religion or belief of women as well as individuals from other vulnerable groups, including persons deprived of their liberty, refugees, children, persons belonging to minorities and migrants;

(d) To ensure that any advocacy of religious hatred that constitutes incitement to discrimination, hostility or violence is prohibited by law;

(e) To exert the utmost efforts, in accordance with their national legislation and in conformity with international human rights and humanitarian law, to ensure that religious places, sites, shrines and symbols are fully respected and protected and to take additional measures in cases where they are vulnerable to desecration or destruction;

(f) To review, whenever relevant, existing registration practices in order to ensure the right of all persons to manifest their religion or belief, alone or in community with others and in public or in private;

(g) To ensure, in particular, the right of all persons to worship or assemble in connection with a religion or belief and to establish and maintain places for these purposes and the right of all persons to write, issue and disseminate relevant publications in these areas;

(h) To ensure that, in accordance with appropriate national legislation and in conformity with international human rights law, the freedom of all persons and members of groups to establish and maintain religious, charitable or humanitarian institutions is fully respected and protected;

(i) To ensure that, on account of religion or belief or the expression or manifestation of religion or belief, no one within their jurisdiction is deprived of the right to life, liberty or security of person, subjected to torture or arbitrary arrest or detention, or denied the rights to work, education or adequate housing, as well as the right to seek asylum, and to bring to justice all perpetrators of violations of these rights;

(j) To ensure that all public officials and civil servants, including members of law enforcement bodies, the military and educators, in the course of their official duties, respect different religions and beliefs and do not discriminate on the grounds of religion or belief, and that all necessary and appropriate education or training is provided;

(k) To step up efforts in implementing the Declaration on the Elimination of All Forms of Intolerance and of Discrimination based on Religion or Belief;

2. 4. The provision of $184,000 outlined in paragraph 3 above which was included in the proposed programme budget for the biennium 2008-2009 is proposed to offset the estimated requirements of $252,400 for the Social Forum, outlined in paragraph 2 above. It is estimated therefore that an additional amount of $68,400 will be required for the biennium 2008-2009 to provide for conference servicing and the travel and daily subsistence allowance of four thematic procedures mandate-holders, as follows: under section 2, $52,400; under section 23, $15,000; and under section 28E, $1,000.

5. Although it is anticipated that an additional amount of $68,400 will be required for the biennium 2008-2009 under sections 2, 23 and 28E, no additional resources will be requested at this juncture, in light of the continuing review by the Council of its subsidiary machinery in response to General Assembly resolution 60/251. The consolidated statement of requirements arising from the continuing review by the Council and potential absorptive capacity from reduced requirements arising from the amended programme of work under the proposed programme budget for the biennium 2008-2009 will be reported to the General Assembly.

6/14. Special Rapporteur on contemporary forms of slavery

1. Under the terms of paragraphs 1, 7, and 8 of resolution 6/14, the Human Rights Council:

   (a) Decided to appoint, for a three-year period, a Special Rapporteur on contemporary forms of slavery, including its causes and its consequences, to replace the Working Group on Contemporary Forms of Slavery;
(b) Requested the Special Rapporteur to submit annual reports on the activities of the mandate to the Council together with recommendations on measures that should be taken to combat and eradicate contemporary forms of slavery and protect the human rights of victims of such practices;

(c) Requested the Secretary-General to give the Special Rapporteur all necessary human and financial assistance for the effective fulfilment of his/her mandate.

2. It is estimated that, pursuant to the resolution adopted by the Council, a total amount of $85,500 per year beginning in 2008 will be required under section 23, Human rights, to implement the activities called for in paragraphs 1 and 7, as follows:

(a) Travel of the Special Rapporteur for consultations and to attend the annual meeting of special procedures and to present a report to the Council, for two field missions per year and one trip to New York each year to present a report to the General Assembly ($48,900 per year);

(b) Travel of one staff and two interpreters to accompany the Special Rapporteur during field missions ($29,400 per year);

(c) Local transportation, security, communication and other miscellaneous expenses during field missions ($7,200 per year).

3. It is also estimated that adoption of the resolution gives rise to reduced requirements in the biennia 2006-2007 and 2008-2009 related to the discontinuation of the Working Group on Contemporary Forms of Slavery as reflected in (a) and (b) below:

(a) For the biennium 2006-2007, a total amount of $137,700 under the following sections:

| Section 2, General Assembly and Economic and Social Council affairs and conference management | 107 900 |
| Section 23, Human rights | 26 500 |
| Section 28E, Administration, Geneva | 3 300 |
| **Total** | **137 700** |

(b) For the biennium 2008-2009, a total amount of $301,400 which were included under the following budgetary sections of the proposed programme budget for the biennium 2008-2009:

| Section 2, General Assembly and Economic and Social Council affairs and conference management | 217 600 |
| Section 23, Human rights | 77 200 |
| Section 28E, Administration, Geneva | 6 600 |
| **Total** | **301 400** |
4. It is anticipated that the unexpended balance arising from the discontinuation of the Working Group on Contemporary Forms of Slavery, in the biennium 2006-2007, will be utilized for the implementation of previously approved decisions of the Council for which it was intended to be implemented within the existing appropriation.

5. The provision foreseen under section 23, Human rights, of the proposed programme budget for the biennium 2008-2009 will be reprogrammed to cover the resource requirements of this resolution, estimated at $85,500 per year under section 23, Human rights. No additional appropriations will be required as a result of the adoption of this resolution.

6. Regarding the remaining provision of $217,600 under section 2 and $6,600 under section 28 E in the proposed programme budget for the biennium 2008-2009, originally foreseen for the Working Group on Contemporary Forms of Slavery, it is anticipated that it will be reprogrammed in the light of the continuing review by the Council of its subsidiary machinery in response to General Assembly resolution 60/251. The consolidated statement of requirements arising from the continuing review by the Council and potential absorptive capacity from reduced requirements arising from the revised programme of work under the proposed programme budget for the biennium 2008-2009 will be reported to the General Assembly.

7. Since the period of the appointment of the Special Rapporteur on contemporary forms of slavery extends into the biennium 2010-2011, the requirements for that period will be considered in the context of the proposed programme budget for the biennium 2010-2011.

8. With regard to paragraph 8, attention is drawn to the provisions of section VI of General Assembly resolution 45/248 B of 21 December 1990, in which the Assembly reaffirmed that the Fifth Committee was the appropriate Main Committee of the Assembly entrusted with responsibilities for administrative and budgetary matters, and reaffirmed the role of the Advisory Committee on Administrative and Budgetary Questions.

3. Adoption of the resolution will lead to discontinuation of the annual three working days of meeting of the Working Group on Minorities. The current provisions associated with the Working Group per year are as follows:

(a) $149,500 under section 2;

(b) $34,900 under section 23;

(c) $1,900 under section 28 E.

4. The provisions referred to in paragraph 3 above, which have been included in the proposed programme budget for the biennium 2008-2009, are proposed to offset the estimated requirements for the Forum on Minority Issues, outlined in paragraph 2 above. It is estimated therefore that only an additional amount of $27,900 will be required for the biennium 2008-2009 under section 23, Human rights, to provide for the travel and daily subsistence allowance of the Forum on Minority Issues and consultancy requirements for preparation of forum meetings.

5. Although it is anticipated that an additional amount of $27,900 per year will be required for the biennium 2008-2009 under section 23, no additional resources will be requested, at this juncture, in light of the continuing review by the Council of its subsidiary machinery in
response to General Assembly resolution 60/251. The consolidated statement of requirements arising from the continuing review by the Council and potential absorptive capacity from reduced requirements arising from the revised programme of work under the proposed programme budget for the biennium 2008-2009 will be reported to the General Assembly.

6. With regard to paragraph 7, attention is drawn to the provisions of section VI of General Assembly resolution 45/248 B of 21 December 1990, in which the Assembly reaffirmed that the Fifth Committee was the appropriate Main Committee of the Assembly entrusted with responsibilities for administrative and budgetary matters, and reaffirmed the role of the Advisory Committee on Administrative and Budgetary Questions.

6/16. Informal meeting to discuss the most appropriate mechanisms to continue the work of the Working Group on Indigenous Populations

1. Under the terms of resolution 6/16, the Human Rights Council decided to request the Office of the High Commissioner on Human Rights to convene an informal meeting in Geneva open to the participation of States, indigenous peoples and other stakeholders preceding the resumed sixth session in December 2007 of the Council to further discuss the most appropriate mechanisms to continue the work of the Working Group on Indigenous Populations.

2. It is estimated that, pursuant to the resolution adopted by the Council, the total full costs of conference services to be provided to convene an informal meeting of 1.5 days in 2007 are estimated at $38,900 in the biennium 2006-2007 as follows:

| Section 2, General Assembly and Economic and Social Council affairs and conference management | 37 500 |
| Section 28E, Administration, Geneva | 1 400 |
| Total | 38 900 |

3. Provisions have not been made under sections 2 and 28E of the programme budget for the biennium 2006-2007 to convene the envisaged meeting. Pursuant to the resolution adopted, additional resources of $38,900 will be required as detailed in paragraph 2 above. It is anticipated that the additional requirements can be accommodated to the extent possible within the resources already appropriated under the programme budget for the biennium 2006-2007.

6/18. Human rights situation in the Occupied Palestinian Territory: follow-up to Human Rights Council resolutions S-1/1 and S-3/1

1. Under the terms of paragraphs 1 and 2 of resolution 6/18, the Human Rights Council:

   (a) Called for the implementation of its resolutions S-1/1 and S-3/1, including the dispatching of the urgent fact-finding missions;
(b) Requested the President of the Council and the United Nations High Commissioner for Human Rights to report to the Council at its fifth session on their efforts for the implementation of Council resolutions S-1/1 and S-3/1 and on the compliance of Israel, the occupying Power, with these two resolutions.

2. It may be recalled that, at the first special session of the Council, an oral statement of programme budget implications was presented to it on its resolution S-1/1, which informed the Council that, while no provisions had been made in the 2006-2007 programme budget to dispatch an urgent fact-finding mission to the Occupied Palestinian Territory, the related travel costs, estimated at $27,300 for the mission, will be absorbed within overall resources included in the programme budget for the biennium 2006-2007, under section 23, Human rights. With regard to Council resolution S-3/1, although, owing to time constraints, an estimate of the programme budget implications of the resolution was not presented to it, the Council was informed at the time it adopted the resolution that to the extent possible resources required to implement the decision to dispatch a high-level fact-finding mission to Beit Hanoun and to provide all administrative, technical and logistical assistance to the mission will be met from resources approved for the programme budget for the biennium 2006-2007, under section 23, Human rights. Subsequent to the third special session of the Council, it was estimated that $130,500 will be required to implement Council resolution S-3/1. The Secretary-General in his report on the revised estimates resulting from resolutions and decisions adopted by the Council (A/61/530 and Add.1) informed the General Assembly at the main part of its sixty-first session of the aforementioned budgetary requirements.

3. This statement is submitted to inform the Council that the resources required to implement its resolutions S-1/1 and S-3/1, estimated at $27,300 and $130,500, respectively, remain unchanged. At this time, the Secretary-General maintains his prior position, as reported to the General Assembly at the main part of its sixty-first session, that to the extent possible, the requirements will be met from resources approved by the General Assembly under section 23, Human rights, of the programme budget for the biennium 2006-2007.

6/20. Regional arrangements for the promotion and protection of human rights

1. Under the terms of paragraph 2 of resolution 6/20, the Human Rights Council requested the United Nations High Commissioner for Human Rights to convene, in 2008, a workshop for an exchange of views on good practices, added value and challenges for such regional arrangements, with the participation of representatives of the relevant regional and subregional arrangements from different regions, experts as well as all interested United Nations Member States, observers, national human rights institutions and representatives of non-governmental organizations.

2. It is estimated that, pursuant to the resolution adopted by the Council, the total full costs for: (a) conference services to convene a workshop in 2008; (b) travel to the workshop and daily subsistence allowances of 10 representatives of regional arrangements, two experts representing treaty bodies and special procedures and one representative of the Council; and (c) a consultant to assist with organization and conduct of the workshop and preparation of the report to the Council, will be in the amount of $135,200 for the proposed programme budget for the biennium 2008-2009 as follows:
3. Provisions have not been made under sections 2, 23 and 28E of the proposed programme budget for the biennium 2008-2009 for the activities envisaged under the paragraph 2 of the resolution. Although it is anticipated that additional resources of $135,200 will be required as detailed in paragraph 2 above, no additional resources will be requested, at this juncture, in the light of the continuing review by the Council of its subsidiary machinery pursuant to General Assembly resolution 60/251. The consolidated statement of requirements arising from the continuing review by the Council and potential absorptive capacity from reduced requirements arising from the amended programme of work under the proposed programme budget for the biennium 2008-2009 will be reported to the General Assembly.

1. Under the terms of subparagraph (a) of resolution 6/21, the Human Rights Council decided to convene the inaugural session of the Ad Hoc Committee on Complementary Standards during the first semester of 2008, to commence its mandate.

2. It is estimated that, pursuant to the resolution adopted by the Council, conference-servicing requirements will arise. It may be recalled that, at its third session in December 2006, upon adoption of its decision 3/103, the Council was informed in an oral statement of the programme budget implications of its decision to establish an Ad Hoc Committee of the Council on the elaboration of complementary standards. At that time, it was estimated that requirements of $607,100 will arise for the biennium 2006-2007, of which $227,700 related to the Ad Hoc Committee and $379,400 related to an additional session of the Intergovernmental Working Group. Requirements of $451,800 were also expected to arise for conference services in the biennium 2008-2009 for the Ad Hoc Committee. No request for additional appropriations is anticipated in the biennium 2006-2007 since the inaugural session of the Ad Hoc Committee is expected to be held during the first quarter of 2008.

3. With regard to the requirements for the biennium 2008-2009, conference-servicing provisions have been made in the proposed programme budget for the biennium 2008-2009, under section 2, General Assembly and Economic and Social Council affairs and conference management, and section 28E, Administration, Geneva.

6/22. From rhetoric to reality: a global call for concrete action against
racism, racial discrimination, xenophobia and related intolerance

1. Under the terms of paragraph 1 of resolution 6/22, the Human Rights Council
decided to realign the work and name of the Anti-Discrimination Unit in the Office of the High
Commissioner for Human Rights consistent with its mandate and that, henceforth, this unit shall
be known as the Anti-Racial Discrimination Unit, and that its operational activities shall focus
exclusively on racism, racial discrimination xenophobia and related intolerance, as defined in
paragraphs 1 and 2 of the Durban Declaration.

2. With regard to the terms of paragraph 1 of the resolution, the Secretariat wishes to
draw the attention of the Council to the fact that in accordance with paragraph 1(c) of
regulation 3.1 of article III of the Regulations and Rules Governing Programme Planning, the
Programme Aspects of the Budget, the Monitoring of Implementation and the Methods of
Evaluation, the planning, programming and budgeting process of the United Nations shall be
governed, inter alia, by full respect for the authority and the prerogatives of the
Secretary-General as the Chief Administrative Officer of the Organization; hence the
renaming of a unit/division within the Secretariat lies with the Secretary-General. In addition,
it is considered that the terms of reference of the Committee for Programme and Coordination
as defined in Economic and Social Council resolution 2008 (LX) (1976) places with that body,
inter alia, review of the biennial programme plan of the United Nations, and its associated
recommendations regarding work programmes proposed by the Secretariat to give effect to the
legislative intent of the relevant policy-making organs, taking into account the need to avoid
overlapping and duplication. Hence, it is the responsibility of the Committee for Programme and
Coordination to review the operational activities of a programme.

6/23. Preparations for the Durban Review Conference

1. Under the terms of paragraph 1 of resolution 6/23, the Human Rights Council will
request the Chairperson of the Preparatory Committee for the Durban Review Conference to
present her report to the General Assembly during its sixty-second session, covering the
activities of the Preparatory Committee and progress made in preparation for the 2009 Durban
Review Conference.

2. It is estimated that, pursuant to the resolution adopted by the Council, a total amount
of $8,400 will be required for travel of the Chairperson of the Preparatory Committee to
New York to present her report to the General Assembly during its sixty-second session.

3. No provisions have been made under the programme budget for the
biennium 2006-2007 for the above-mentioned activity. It is anticipated, however, that the
amount of $8,400 required will be absorbed within overall resources approved in the programme
budget for this biennium 2006-2007 under section 23, Human rights.
6/26. **Elaboration of human rights voluntary goals to be launched on the occasion of the celebration of the sixtieth anniversary of the Universal Declaration of Human Rights**

Although it is anticipated that an additional amount of $211,600 will be required for the biennium 2008-2009 under Sections 2, 23 and 28E, no additional resources will be requested at this juncture in light of the continuing review by the Council of its subsidiary machinery in response to General Assembly resolution 60/251. 3. The requirements to implement the activities called for in the resolution have not been included under Section 23, Human rights, of the proposed programme budget for the biennium 2008-2009. Although it is anticipated that an additional amount of $78,400 will be required for the biennium 2008-2009 under Section 23, no additional resources will be requested at this juncture in light of the continuing review by the Council of its subsidiary machinery in response to General Assembly resolution 60/251. The consolidated statement of requirements arising from the continuing review by the Council and potential absorptive capacity from reduced requirements arising from the amended programme of work under the proposed programme budget for the biennium 2008-2009 will be reported to the General Assembly.

6/34. Mandate of the Special Rapporteur on the situation of human rights in the Sudan

1. Under the terms of paragraphs 1 and 4 of resolution 6/34, the Human Rights Council:

(a) Decided to extend for one year the mandate of the Special Rapporteur on the situation of human rights in the Sudan;
b. Requested the Special Rapporteur to submit her outstanding annual report to the Council at its seventh session in March 2008 and her following report to the Council at its ninth session in September 2008.

2. It is estimated that, pursuant to the resolution adopted by the Council, a total amount of $50,700 per year will be required to implement the activities called for in paragraphs 1 and 3, as follows:

   a. Travel of the Special Rapporteur for consultations/to attend the annual meeting of special procedures and to present a report to the Council and for two field missions per year ($36,200);

   b. Travel of staff to accompany the Special Rapporteur during field missions ($7,300);

   c. Local transportation, security, communication and other miscellaneous expenses during field missions ($7,200).

3. The requirements to implement the activities for the mandate of the Special Rapporteur have been included under Section 23, Human rights, of the proposed programme budget for the biennium 2008-2009. No additional appropriations will be required as a result of the adoption of the resolution.

**6/36. Expert mechanism on the rights of indigenous peoples**

1. Under the terms of paragraphs 1, 2, 3, 5 and 8 of resolution 6/36, as orally amended, the Human Rights Council:

   a. Decided to establish a subsidiary expert mechanism to provide the Council with thematic expertise on the human rights of indigenous peoples in the manner and form requested by the Council;

   b. Decided also that this mechanism shall report annually to the Council on its work;

   c. Decided further that the expert mechanism shall consist of five independent experts, the selection of which shall be carried out in accordance with the procedure established in paragraphs 39 to 53 of the annex to Council resolution 5/1 of 18 June 2007;

   d. Decided to invite the Special Rapporteur on the situation of human rights and fundamental freedoms of indigenous peoples, and a member of the Permanent Forum on Indigenous Issues to attend and contribute to its annual meeting;

   e. Decided also that the expert mechanism shall meet once annually, three days in its first year and thereafter for up to five days.

2. Provision of $15,100 per annum was made under section 23, Human rights for the daily subsistence allowance, of a week, for the Working Group on Indigenous Populations. The full cost of travel and daily subsistence allowance for five experts for three days in the first year and six days for each subsequent year of the expert mechanism is estimated at $33,000 in the
first year and $37,000 thereafter. Therefore, net additional requirements of $17,900 will arise in
the first year and $21,900 for the next year, or $39,800 for the biennium to provide for travel and
daily subsistence allowance of the five experts.

3. Additional requirements are anticipated to arise in response to paragraph 5 of the
resolution to provide for the participation of the Special Rapporteur on the situation of human
rights and fundamental freedoms of indigenous peoples, and a member of the Permanent Forum
on Indigenous Issues on the above basis, in the amount of $28,000 for the biennium.

4. With respect to conference servicing, provision was made under section 2,
General Assembly and Economic and Social Council affairs and conference management, to
provide conference services to the Working Group on Indigenous Populations, which has been
maintained in the proposed programme budget for the biennium 2008-2009. Since the new
expert mechanism will replace the Working Group on Indigenous Populations, its conference
servicing will be met by the former Working Group’s entitlements.

5. Therefore, it is estimated that, pursuant to the resolution adopted by the Council,
total additional cost for travel and daily subsistence allowance for five experts and two
representatives in the amount of $67,800 per biennium will arise.

6. Although it is anticipated that an additional amount of $67,800 will be required for
the biennium 2008-2009 under Section 23, to meet the requirements outlined in paragraph 5
above, no additional resources will be requested at this juncture in light of the continuing review
by the Council of its subsidiary machinery in response to General Assembly resolution 60/251.
The consolidated statement of requirements arising from the continuing review by the Council
and potential absorptive capacity from reduced requirements arising from the amended
programme of work under the proposed programme budget for the biennium 2008-2009 will be
reported to the General Assembly. The General Assembly will also be informed at that time of
the continuing requirements beyond the biennium 2008-2009 relating to decisions taken by the
Council.

6/37. Elimination of all forms of intolerance and of discrimination based
on religion or belief

1. Under the terms of paragraphs 18, 19, 21 and 22 of resolution 6/37, the Human
Rights Council:

   (a) Decided to extend the mandate of the Special Rapporteur on freedom of religion or
       belief for a further period of three years;

   (b) Requested the Secretary-General to ensure that the Special Rapporteur receives the
       necessary resources to enable her/him to discharge her/his mandate fully;

   (c) Requested the Special Rapporteur to submit an interim report to the
       General Assembly at its sixty-third session;
(d) Requested the Special Rapporteur to submit the outstanding reports to the Council in accordance with its annual programme of work and the next annual report in 2009.

2. It is estimated that, pursuant to the resolution adopted by the Council, a total amount of $61,300 per year will be required to implement the activities called for in paragraphs 18, 21 and 22, as follows:

(a) Travel of the Special Rapporteur for consultations and/or to attend the annual meeting of special procedures and to present a report to the Council, for two field missions per year and one trip to New York to present a report to the General Assembly ($44,300);

(b) Travel of staff to accompany the Special Rapporteur during field missions ($9,800);

(c) Local transportation, security, communication and other miscellaneous expenses during field missions ($7,200).

3. The requirements to implement the activities for the mandate of the Special Rapporteur have been included under Section 23, Human rights, of the proposed programme budget for the biennium 2008-2009. Since the period for renewal of the mandate extends into the biennium 2010-2011, the requirements for that period will be considered in the context of the preparation of the proposed programme budget for the biennium 2010-2011. No additional appropriations will be required as a result of the adoption of the resolution.

4. With regard to paragraph 19, attention is drawn to the provisions of section VI of General Assembly resolution 45/248 B of 21 December 1990, in which the Assembly reaffirmed that the Fifth Committee was the appropriate Main Committee of the Assembly entrusted with responsibilities for administrative and budgetary matters, and reaffirmed the role of the Advisory Committee on Administrative and Budgetary Questions. The attention of the Council is also drawn to paragraph 67 of the first report of the Advisory Committee on the proposed programme budget for the biennium 2000-2001, in which the Committee noted that the use of the phrase “within existing resources” or similar language in resolutions had a negative impact on the implementation of activities; therefore, efforts should be made to avoid the use of this phrase in resolutions and decisions.

PRST/6/1. Situation of human rights in Haiti

1. Under the terms of paragraph 8 of presidential statement PRST/6/1, the Human Rights Council invited the independent expert on the situation of human rights in Haiti to continue his mission and to report to the Council at its eighth session.

2. It is estimated that, pursuant to the presidential statement adopted by the Council, a total amount of $48,200 per year will be required to implement the activities called for in paragraph 8, as follows:

(a) Travel of the independent expert to attend the annual meeting of special procedures and to present a report to the Council and for two field missions per year ($31,300);
(b) Travel of staff to accompany the independent expert during field missions ($ 9,700);

(c) Local transportation, security, communication and other miscellaneous expenses during field missions ($ 7,200).

3. The requirements to implement the activities for the mandate of the independent expert have already been included under section 23, Human rights, of the programme budget for the biennium 2006-2007 and the proposed programme budget for the biennium 2008-2009. No additional appropriations will be required as a result of the adoption of the presidential statement PRST/6/1.

Information presented by the Danish Institute for Human Rights, the German Institute for Human Rights, the National Commission for Human Rights of Greece, the National Consultative Commission of Human Rights of France, and the Norwegian Centre for Human Rights
ANNEX V

Note by the Secretariat entitled “Main steps to be taken regarding the establishment of the universal periodic review (UPR) work programme (for the first cycle)”

1. First step (before the selection process)

(a) In accordance with paragraph 12 of the institution-building text annexed to Council resolution 5/1, Member and Observer States may volunteer to be reviewed as a matter of priority. Expressions of interest should reach the Secretariat before 21 September 2007;

(b) The Secretariat will prepare five lists of countries in alphabetical order, each list corresponding to a regional group. The lists of regional groups will be based on groupings drawn up in New York in similar circumstances;

(c) In accordance with paragraph 9 of the institution-building text, Council members whose terms of membership ended in June 2007 or will end in June 2008 will be clearly identified in each list. Those countries volunteering for review will also be identified in each list (see appendix I);

(d) In order to maintain a good balance between members and non-members, Council members whose terms of membership will end in June 2009 or later, will also be identified as appropriate.

2. Second step (selection process)

(a) On 21 September 2007, the President will draw by lot the first Member or Observer State, the name of which will serve to reorganize the above lists accordingly. Each list will be recomposed taking into account the priorities mentioned in paragraph 1 (c). Those countries whose terms of membership ended in June 2007 will be moved up in the list, followed by those whose terms of membership will end in June 2008, as well as the volunteers. Members whose terms of membership will end in June 2009 and those non-initial members of the Council whose terms of membership will end in 2010 will be placed in the list at the first possible opportunity in the year during which their terms of membership will end;

(b) In accordance with paragraph 14 of the institution-building text, 48 countries will be reviewed per year, thus corresponding to 16 countries to be reviewed per session of the Working Group on UPR. In this regard, and so as to ensure full respect for equitable geographic distribution (paragraph 11 of the institution-building text), the calendar for 2008 and following years will be drawn up based on the tables contained in appendix 2;

* In appendix 1 below, members of the Human Rights Council are indicated in bold, and the date indicates the end of its term of membership.
(c) The President will then draw by lot the order in which countries selected for the first UPR session will be considered. Similar drawings will take place at each plenary session for the subsequent UPR Working Group sessions;
